March 17, 2020

Hello Again Spring 2020 PAL Students,

I want to reassure you that despite remote teaching and current school closings, you will still be able to complete all course and practicum requirements for PAL classes.

We understand that this is a confusing and stressful time. We are committed to you and making sure you can successfully complete our spring quarter courses regardless of the circumstances. Your PAL instructor will give you details about how to do your practicum work remotely. We will provide choice and flexibility, so you will be able to get your work done wherever you are.

Please stay healthy and safe and we will "see" you in a few weeks.

Caren Holtzman  
Director, Partners At Learning (PAL) Program  
UCSD Department of Education Studies
